

Current Sportdom

—By HEK—

The New York American Yanni-gans negotiated the first triple play of the 1916 season. It was Cook to Boone to Aragon.

Terry, the former Leland Stanford Jr. University star, is showing considerable promise at the hot corner for the White Sox.

Ralph Glaze, former star footballist of Dartmouth College, has resigned as football coach at University of Colorado and, it is understood, will coach Drake University at Des Moines, Ia.

Cornell has dropped three of the oldest minor sports, swimming, hockey and fencing. The last named was dropped for good and the others until such a time as facilities can be provided for practice and home contests.

The fact that the Phillies took four straight practice games from the Cubs would seem to indicate that the Quakers are well up to their standard of 1915.

The Norwich University rifle team of Northfield, Vt., achieved a wonderful record in its recent match with West Virginia University. The Green Mountain collegians scored 1909 out of a possible 1000. Five regular members of the team and a sixth shooting as a substitute scored a possible 200, each.

Charlie Brickley sprung a surprise, the other night, by announcing that he would coach the Boston College football team. His contract is for one year. The boys under the former Harvard captain's guidance will oppose some of the leading eastern college eleven.

Yale athletic followers seem to be as opposed to the football number system as are the Crimson leaders.

The Browns will bear watching this summer and many of the wisecracks of the diamond game are picketing them to stop that old American League rags. Just to think of a baseball player flying in St. Louis.

The Tigers of the Goss League are expected to figure prominently in the pennant race. The presence of Bert Whalligan, secured from the Boston Braves, should prove a tremendous asset. Whalligan, while not quite fast enough to remain in major baseball, is an exceptionally capable catcher. He is a consistent hitter and has a splendid wing. Whalligan is a resident of the Angel City.

The Salt Lake Bees, comprising eighteen hunky ball players in the best of condition, were tendered a hearty welcome on their arrival last Tuesday in their home city. Manager Blankenship says his boys will make a great race for premier honors.

Reports from England indicate that the war has not entirely killed the "Sport of Kings." The Derby and the Oaks will be run off May 30 and June 1, at Newmarket, according to an announcement by the Jockey Club in London. Strenuous efforts are being made to secure the approval of the government for certain meetings over courses in the north of England.

Fulton seems to have a sound claim for a chance against Willard. Fulton succeeded in doing what noted heavies have tried and failed for a long time, namely to administer the sleep punch to Jim Flynn, the Pueblo freeman. Flynn, one of the gamiest ring battlers of all time, evidently was matched against the big and strong an opponent.

Fulton is pressing his claims for a chance with Willard. The Rochester, Minn., fighter says that Moran is eliminated by his defeat in Madison Square Garden and assures the followers of the ring game that he is the logical man to oppose the Kansas giant.

However, Fulton's management would like to match Fulton against the Dublin giant, Jim Coffey, believing the Irishman to be the best of the heavies outside of Jess Willard, himself.

Jim Corbett claims that he privately predicted that Joannson would defeat Jeffries and that Willard would whip the negro. Corbett says he has been "kidded" a lot about his selections but that, really, he hasn't been such a poor prophet as the newspapers have made him appear. "Gentleman Jim" says that the scribe who was writing his weekly sport letter got his dope mixed up.

With Percy Faughton, the great Crimson coach, and other men of money and keen athletic knowledge at the helm, the Bostonians are favoring the Braves and go a step further by offering good wagers on their team to come through at the top of the list. Still, there are the Dodgers, Cubs, and—don't forget McGraw. He isn't in the habit of finishing far below the top.

It seems too bad that the mat game can't be a local sport feature. Charlie Goodrich, one of the fastest and cleanest of the young crop of mat artists, has been in Bisbee for some time. Charlie doesn't have a chance to show his mat abilities here, however.

Pitcher Corham, secured by Manager Miller Huggins of the Cardinals, is expected to show great things for the St. Louis chipmunk.

There seems to be a general trend of sentiment in favor of more college rowing. Brown Alumni Monthly, one of the strongest eastern college publications, is conducting a campaign for the resumption of the water sport at the Providence university.

Interest runs high in this afternoon's big track and field contest between Copper Queen and C. & A. athletes. It is rather hard to attempt to pick a winner as the performances of the different men have been kept more or less under cover. One thing is certain that a big crowd of lovers of sport will journey to Warren Field to witness the competition in the various events.

That the Copper Queen team will be perfected into one of the fastest combinations seen for several years on a local diamond is the opinion freely expressed in sport circles. Manager Joe Chapman is a real sport booster and he will have the advantage of handling a lot of youngsters who are in their prime and play the game for all there is in it.

ARIZONANS TO HAVE VISITING STARS AS TENNIS OPPONENTS

Championships Are to be Held at Phoenix This Week Are Open to Players From Other Parts.

PHOENIX, March 2.—Arthur Hain is in charge of the tennis tournament to be held here March 24, 25 and 26, to decide the state championships. It would like it understood that the tournament is open to any and all contestants, be they residents of the state or not.

The impression has gained circulation that play was open only to Arizonans. This is decidedly not so. Members of any club, or players who are not members of a club are eligible to enter.

The tournament will be held under the sanction of the U. S. National Lawn Tennis association and the Border States Tennis association.

The events will include men's championships, singles, men's championships, doubles, ladies championships, singles, ladies championships, doubles and mixed championships doubles.

All entries must be received not later than 6 p. m. Wednesday the 22nd and should be sent to the secretary Phoenix Country Club, Arthur Hain, or William Horrell, of Phoenix. Entries for single events will be \$1.00, and for double events \$2.00. All entries must be accompanied by entrance fee, otherwise they will not be accepted.

United States National Lawn Tennis association rules will govern all contests. Play will start at 8 a. m. each scheduled day running through until dark. Arrangements of matches etc., will be under the direction of the tournament committee. The foot fault rules will be strictly enforced and any contestants not appearing ten minutes after his match has been called will be disqualified.

Prizes will be given to the winners and runners-up in each event. In addition, the T. Ed. Litt three year challenge trophy, for men's championships singles, now held by Bill Correll, will be contested for. The winners of the ladies' events will be awarded prizes and in addition Dwight B. Heard has donated a challenge trophy for ladies, singles, to be retained permanently after winning three times.

It is probable that all railroads running into Phoenix will arrange special rates during the days of the tournament. The committee in charge will arrange accommodations for contestants on receipt of advice.

RACING FOR ARIZONA HELPED BY COURT IN BETTING DECISION

Pari-Mutual Machine Declared by Supreme Bench to be Within Law and Phoenix May Become Haven.

PHOENIX, March 29.—The unusual incident of the attorney general's department agreeing with counsel for defendants in a criminal case was presented in the state supreme court when in the case of state of Arizona against S. W. McCall, G. W. Harben, assistant attorney general, informed the court in the course of the argument that he agreed with the main contention made by counsel for appellants.

The case involved the question of whether the operation of a so-called Pari-Mutual machine in connection with horse racing in the state of Arizona contravenes the gaming statutes of the state.

In order to make a test case on this question, McCall operated a Pari-Mutual machine at the state fair last fall in connection with the races. A prosecution was instituted against him in the superior court of Maricopa county, and the court held that the Pari-Mutual system was illegal. Appeal was then taken to the state supreme court and the matter was argued and submitted.

G. W. Harben, assistant attorney general, appeared for the state, while G. P. Ballard and the legal firm of Carpenter & Company appeared as attorneys for the appellants.

The crux of the argument of defendant's counsel was that inasmuch as neither horse racing nor betting upon races was prohibited by the statutes of Arizona, any intermediary device whereby a wager upon a race should be carried out, as by a Pari-Mutual machine for instance, could not logically and consistently be held to be in violation of the law.

The brief of the attorney general defining his views in the matter was in part as follows:

"Before the proceedings were instituted against the appellant in the lower court, the department of the attorney general rendered its opinion that the operation of a Pari-Mutual machine within the state of Arizona would not contravene the gaming laws of the state, and accordingly it now desires to submit the question now before the court upon the argument and authorities advanced by the appellant's brief together with some additional observations, which will be presented in this brief.

"It is perhaps not amiss to say that the department of the attorney general is of the opinion that a Pari-Mutual machine may be operated within the state of Arizona without violating the gaming laws, not because of any desire it has to see the operation of a Pari-Mutual machine within the state, but on the other hand, it is of the disinterested opinion that the public policy of the state.

ATHLETES OF TRACK AND FIELD AWAIT CRACK OF PISTOL; CONTESTANTS WILL ENTER TODAY'S EVENTS IN FINE FORM

Reports From Rival Camps Indicate that Competitors Are Fit to Smash Their Previous Records; Immense Crowds Expected; Competent Officials Will Insure Satisfactory Handling of Events; Music by C. & A. and Copper Queen Bands.

Keen rivalry existing among various contestants in this afternoon's athletic competition between C. & A. and Copper Queen performers assures a spirited meet all the way. Systematic training under capable direction has developed a high degree of excellency so that the different track and field events and tug-of-war will be on a par with similar events at leading collegiate institutions. Preparations have been perfected so that the big crowd attending will enjoy every possible advantage. Lively music will be furnished by the Copper Queen and C. & A. bands and there will not be a dull moment in the entire program. The big meet commences at 1:30.

The public of the Warren District should be fully appreciative of the fact that officials of the C. & A. and Copper Queen companies have worked hard devoting freely of time and energy in the effort to provide wholesome and interesting sport. Such sport is calculated both to provide recreational advantages for the mine employees and high-class amusement for the benefit of those who care to witness lively athletic competition. The officials and the athletes have done their part to make the present meet a success. It is surely up to the public to show appreciation and there is no doubt that there will be manifested a splendid interest in the events by throngs of true sport supporters of the Warren District.

Following is a list of the various events and the entrants of the two teams:

100 yard dash, Copper Queen—Benton, Hibble, Richdale. C. & A.—Champion, Jeuck, Brown.
One mile run, Copper Queen—Randolph, Temple, Ruff. C. & A.—Elwell, Cook.
Running broad jump, Copper Queen—Wilson, Klepper, Regan. C. & A.—Woods, Legge, Brown.
220 yard dash, Copper Queen—Hibble, Benton, Regan. C. & A.—Champion, Jeuck, Brown.
High jump, Copper Queen—Cloyd Millard, C. & A.—Woods, Legge, Gibson.
Half-mile run, Copper Queen—Temple, Ruff, Hughes. C. & A.—Cook, Elwell, Brown.
440 yard dash, Copper Queen—Regan, Richdale, Benton. C. & A.—Champion, Brown.
Shot put, Copper Queen—Millard, Buick, Davis. C. & A.—Gibson, Galt.
Two mile run, Copper Queen—Randolph, Finn, Wilson. C. & A.—Elwell.
One mile relay, Copper Queen—Wilson, Cloyd, Millard, Benton, Hibble, Regan, C. & A.—Champion, Jeuck, Legge, Jordan, Brown.

The following officials will see that the events are run off in a prompt and satisfactory manner:

Judges—Arthur Notman, W. B. Gohring, Fred Sturdevant, J. P. Hodgson, Oscar Gilman, Timers—Pat Nathan, E. O. Snider, W. S. Potter, Starter—Major Whitney, Scorer—H. W. Holcomb, A. J. Halbert, Clerks of course—Robert Dickson, Joe Chapman, Ben Snider, G. C. Pidgeon, Announcer—Mende Gowell.

Not a Bite of Breakfast Until You Drink Water

Says a glass of hot water and phosphate prevents illness and keeps us fit.

Just as coal, when it burns, leaves behind a certain amount of incalculable material in the form of ashes, so the food and drink taken day after day leaves in the alimentary canal a certain amount of indigestible material, which if not completely eliminated from the system each day, becomes food for the millions of bacteria which infests the bowels. From this mass of left-over waste, toxins and ptomaine-like poisons are formed and sucked into the blood.

Men and women who can't get feeling right must begin to take inside baths. Before eating breakfast each morning drink a glass of real hot water with a teaspoonful of limestone phosphate in it to wash out of the thirty feet of bowels the previous day's accumulation of poisons and toxins and to keep the entire alimentary canal clean, pure and fresh.

Those who are subject to sick headache, colds, biliousness, constipation, others who wake up with bad taste, foul breath, backache, rheumatic stiffness, or have a sour, gassy stomach after meals are urged to get a quarter pound of limestone phosphate from the drug store and begin practicing internal sanitation. This will cost very little, but is sufficient to make anyone an enthusiast on the subject.

Remember inside bathing is more important than outside bathing, because the skin pores do not absorb impurities into the blood, causing poor health, while the bowel pores do. Just as soap and hot water cleanses, sweetens and freshens the skin, so hot water and limestone phosphate act on the stomach, liver, kidneys and bowels.—Adv.

MICHELIN TIRES Always Best on Good or Bad Roads

Try The New Universal Tread No Other Tire Like It For All-round Service

The New Michelin Universal Tread is an improvement on rubber non-skids of both the raised-tread and suction-tread types, combining the advantages of these earlier non-skids; AND IN ADDITION this tire possesses the long life and resiliency that have always characterized both the world-famous Michelin Racing Type Flat tread, and the Michelin Plain tread.

This is the New Tire Everyone is Talking About

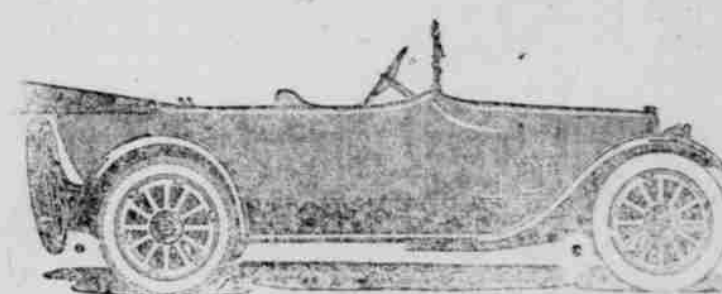

BISBEE AUTO CO.

Experts seem to agree that from the last of the seventh to the finish, the odds were turning toward the Pittsburgher. Whether this was proof of Willard's inability to proceed for a long distance against Monn will, no doubt, be settled later.

Summers, former Detroit pitcher, has been engaged to coach the Webbs College baseball team for six weeks this spring.

That Freddie Welsh will be unexpectedly robbed of the title by some younger and aggressive aspirant is the prediction of close observers of the lightweight champion. These same critics aver that Welsh has been the greatest lightweight ever but they call attention to the fact that he is growing old and Father Time will not be denied in depriving the once little ring master of his staminal and general qualities of aggression.
